5. **Accommodation capacity –**

SL/No.	Accommodation capacity	Remark
1	Capacity of TC	178 Trainees (however 248 female initial recruits were accommodated in the year 2019-20).In Directive 39 the accommodation capacity is fixed at 275 but practically the hostels were erected for accommodating 168 (12 hostels x 14 inmates) inmates only. However, a little adjustment can

		accommodate the figure at 180, but more than that causes extreme congestion & uncomfortable stay for the inmates as well as makes the use of toilets/latrines very unhygienic. It was experienced during initial training of 248 female recruits and promotion course (u/r 70) of 270 HCs.
2	Barracks with capacity of beds	12 trainees' hostel capacity of each barrack -14 beds (12x14=168) and 01 Ladies' hostel having capacity of 10 beds.
3	Dining Halls with seating capacity	Two dining space shedded by asbestos having capacity of 100 trainees at a time are available.
4	SOs' Barrack and Mess	One type-III quarter is used as SOs' barrack. SOs' mess is available but used as Recreation Hall at present.
